**Certification of a private health insurance coverage,
for the granting of a residence title**

(to be completed by the health insurance company)

Pursuant to section 5, subsection 1, no. 1, German Residence Act (AufenthG), the granting of a residence title usually requires a secured livelihood. Integral part of a secured livelihood is, pursuant to section 2, subsection 3, AufenthG, the possession of an adequate health insurance coverage.

Foreign nationals who are not insured under a statutory health insurance must prove to possess health insurance coverage by means of a private health insurance. Since only a short-term residence is planned, the minimum requirements of an insurance obligation pursuant to section 193, German Insurance Contract Act (VVG) suffice in this case. These must meet the following criteria:

- a) The insurance company is supervised by the German Federal Financial Supervisory Authority (BaFin) or is authorised as EU/EEA service provider in its country of origin.
- b) The insurance covers at least all benefits pursuant to section 193, subsection 3, VVG (cost-of-illness insurance with costs refund for outpatient and inpatient treatment).
- c) Switching to the basic tariff pursuant to section 12, German Insurance Supervision Act (VAG) is possible.
- d) The monthly insurance excess does not exceed 416.66 €.
- e) An additional long-term care insurance pursuant to section 23, German Social Security Code, Book XI (SGB XI) is taken out.

A cost-of-illness insurance contract agreed prior to 1st April 2007 shall be deemed to meet the requirements stated above.
